Annual 64.2009(e) CPNI Certification for 2009

Date filed: 2/26/10

Name of company covered by this certification: bigredwire.com, inc.

Form 499 Filer ID: 823564

Name of signatory: Brad Weinstock

Title of signatory: President

I, Brad Weinstock, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. See 47 C.F.R. § 64.2001 et seq.

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements set forth in section 64.2001 *et seq.* of the Commission's rules (see attached statement).

The company has not taken any actions (proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year. Companies must report on any information that they have with respect to the processes pretexters are using to attempt to access CPNI, and what steps companies are taking to protect CPNI.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI (number of customer complaints a company has received related to unauthorized access to CPNI, or unauthorized disclosure of CPNI, broken down by category or complaint, *e.g.*, instances of improper access by employees, instances of improper disclosure to individuals not authorized to receive the information, or instances of improper access to online information by individuals not authorized to view the information).

Paragraph 2 attached statement.

Bigredwire.com insures that our customer's information is protected against unauthorized disclosure by not selling or disclosing any information to other companies, except as needed to establish service with our wholesale carrier.

Bigredwire.com never uses spam or telemarketing to advertise its services.

Our customers use on-line accounts to access information and call records. All accounts require a password and encryption is used to protect against the interception of data between the server and our customers. If a customer forgets their password the password is sent only to the e-mail addressed registered in the customer's account.

Employee access to the customer records is controlled through password protected user IDs.
